

Greenwood Trickle Vents

Greenwood S Vent

Greenwood F Vent installed

Our choice of products from Greenwood includes the very efficient aluminium 5000EA, which is also the smallest Slotvent currently available, the slimline clip-fit F Vent for “through frame” applications, and the ultra-slim L Vent, which utilises a small, 10mm rout, and is suitable for profiles with limited space.

Features and Specifications:

- Choice of sizes available to suit any application
- Large selection of colours as standard
- PVC –U and aluminium vents available
- Clip-fit and screw-fix options
- Products suitable for sash and casement profiles
- Aesthetically pleasing and unobtrusive when installed
- UKAS accredited
