INTRODUCING THE NEW QUANTUM RAPID FIT DOOR HINGE

Welcome to our special edition of Total Times which is dedicated to the introduction of our **NEW Quantum Rapid Fit Door Hinge**.

The new fabricator-friendly door hinge offers the unbeatable combination of innovation and quality that Total Hardware's customers have come to expect.

Suitable for use on PVC-U doors, the unique hinge offers modern and elegant aesthetics with ease of application. And its front 'slide-on or lift-off' design ensures simple fitting and easy adjustment with no reveal limitations.

Available now from stock, the new Quantum Rapid Fit Door Hinge is a step change in door hinge design.

Read on to discover more.

QUANTUM RAPID FIT DOOR HINGE

– A STEP CHANGE IN DOOR HINGE DESIGN

Our unique Quantum range of high-quality hardware has been further expanded with the launch of our new Rapid FIT Door Hinge.

Suitable for PVC-U doors, the Quantum Rapid Fit Door Hinge is available in an impressive sixteen colour finishes, which include White, Black, Brown, Oak, Chrome, Prime Gold, Satin Silver, Agate Grey, Tungsten, Flint, Chartwell Green, Cream, Slate Grey, Anthracite Grey, Antique Black and Irish Oak.

For peace of mind a 10-year surface finish guarantee is available on all powder-coated finishes, and a 5-year guarantee is available on plated finishes.

Fabricator advantages

Combining ease of fabrication with product excellence, the Rapid Fit Door Hinge features three-dimensional adjustment for ease of operation:

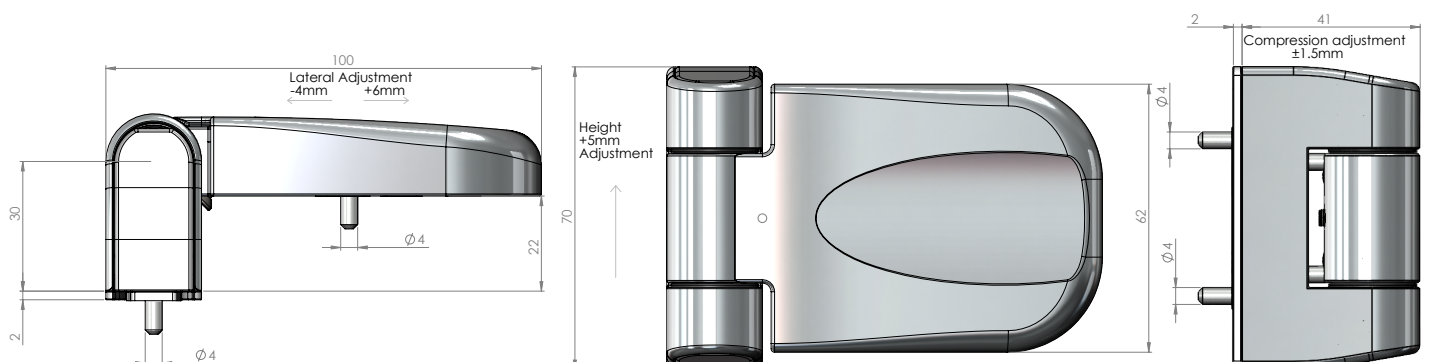

- Elegant, modern design aesthetics.
- Designed with fabricator-friendly advantages to ensure increased efficiencies on the shop floor.
- +6mm/-4mm lateral adjustment, +5mm/-5mm vertical adjustment and +1.5mm/-1.5mm compression adjustment.
- Front 'slide-on or lift-off' design allows simple fitting and adjustment with no reveal limitations.
- Sash over rebate packers are available for all major profiles.
- Non-handed hinge.
- Simplified packaging – each outer box contains 4 trays of 6 hinges including cover caps and pin.
- 100% recyclable packaging.
- Available NOW from stock.

Attention to detail

As with all Total Hardware products, the hinge has undergone some intensive testing to ensure that it meets or exceeds all the necessary corrosion resistance and operational durability requirements. This included testing to BS.EN:2007 Grade 5, PAS24:2016 security requirements and Secured by Design certification.

With more fabricators and installers looking for the perfect combination of quality, style and product reliability, the new Quantum Rapid Fit Door Hinge ticks all the boxes.

The new Rapid Fit Door Hinge joins the increasing portfolio of products in Total's Quantum hardware collection which includes window and door handles, letterplates, patio handles, door knockers and letters and numbers. Together, the Quantum range offers a completely suited hardware solution and makes Total Hardware a convenient, high-quality supplier for all window and door furniture.
