APEX CRANKED WINDOW HANDLE

PRODUCT DESCRIPTION

The Apex Cranked Window Handle combines ergonomic design with a sleek, flush locking push button for enhanced aesthetics and seamless operation.

The handle integrates seamlessly with our Apex and Quantum window and door hardware ranges, offering the ideal solution for all casement windows.

Backed by a 10-year mechanical and surface guarantee, this handle delivers exceptional durability and reliability, making it a standout choice for modern window solutions.

FEATURES & BENEFITS

- Unique flush locking push button designed to enhance aesthetics and provide optimal clearance during operation.
- Locking push button perfectly colour-matched with the handle for a seamless look.
- Durable metal locking mechanism ensures long-lasting reliability and performance.
 - Upgraded robust key with a thicker, more durable design.
- Clip-in screw covers, colour-coordinated for a neat, professional finish.
- Enhanced cylinder spring ensures maximum key retention.
- Colour-coded packaging simplifies identification and includes screws and key.
- Nine premium finishes available: Antique Black, Black, Chrome, Flint, Grey, Prime Gold, Satin Silver, Tungsten and White.
 - 10-year mechanical and surface guarantee.
- Plating tested to BS.EN:2007 Grade 4 for superior resistance to wear and corrosion.
- Fully integrated with both our Apex and Quantum window and door hardware collections.

APEX CRANKED WINDOW HANDLE

PACKAGING

Individually bagged with screws and a key for convenience. Packaged in colour-coded bags for easy identification, with inner boxes of 10 and outer boxes of 80.

MAINTENANCE

To maintain a high quality appearance and operation we recommend that all external hardware is cleaned routinely and moving parts are lightly lubricated a minimum of twice a year.

Products used within a one mile radius of coastal areas, building sites or large industrial areas, more regular cleaning will be required to prevent build up of corrosive contaminants.
